5 Piece

The Shaker door continues to remain a firm favourite, with its pared back style and perfectly proportioned frame. It's renowned for being both a timeless and versatile design, hence why we've chosen to model our 5 Piece Collection on Shaker principles - simplicity, utility and honesty.

5 Piece doors provide you with a traditional, handmade aesthetic, whilst also giving you the flexibility of design through styles and finishes. Within our 5 Piece Collection we offer four beautifully designed, shaker style doors, each unique in their own right. Whether you prefer a classic or more contemporary style, each range is a blank canvas for you to add your own personal taste and make your dream kitchen and bedroom a reality.
